Reunion will follow the International Symposium on
"Multiple Facets of Chemical Engineering
in the Twenty-first Century"
scheduled on December 20, 2024

E-mail : cucheaa@gmail.com;
cuchealummeet2024@gmail.com
Website: <https://www.cucheaa.com/>

Dear Alumnus and friend:

Calcutta University Chemical Engineering Alumni Association (CUCHEAA) and the Department of Chemical Engineering, University of Calcutta are set to kick-start gala celebrations to commemorate 104 Glorious Years of the Applied Chemistry Department at the University of Calcutta on December 21 and 22, 2024, coinciding with the Reunion of the alumni of the Department of Chemical Engineering and former Department of Applied Chemistry. We will flag off the celebrations in grand style in the department and the same are to be shared by the alumni of the department with the students-staff-faculty members and well-wishers of the department.

Beyond its traditional businesses, the regular features and activities, there will be events of felicitation of alumni those who passed from the department during 1998 and 1999 academic year (**silver jubilee** of their passing out from the department after the last occasion of felicitation), alumni interactions, sport, and cultural programs by the students-alumni and reputed performers. The endeavor of **award for excellence** to the illustrious alumnus and felicitation to the retired teachers and non-teaching staff will also continue. We have planned to publish Reunion Souvenir, Alumni Register and Departmental Profile.

Prior to organization of Reunion, we are going to conduct one-day International Symposium 2024 on December 20, 2024 at the Prof. N. K. Bose Memorial Hall on the topic entitled **"Multiple Facets of Chemical Engineering in the Twenty-first Century"**. There will be lecture sessions by invited experts, presentation of papers from selected authors and valuable talks from program sponsors. Additionally, Poster sessions will also continue.

For more details and updated information, you may please go through our web site <http://www.cucheaa.com>.

Due to Pandemic (Covid 2019) and the imposed restrictions from Union and State Governments, we were not able to organize the scheduled Reunion 2021. Therefore, in this year we expect an impressive participation of our alumni in India and abroad.

The Reunion program including the activities contemplated can be a success only with whole-hearted support and active co-operation of the alumni and others associated with the century old department.

We solicit your help in the form of suggestions and advice, contributions as subscriptions/donations, **advertisements** for the souvenir and arrangement of **sponsorship** for the activities. An Advertisement Form is enclosed in this Circular for your utilization.

On behalf of the Department of Chemical Engineering, CU and the CU Chemical Engineering Alumni Association, we cordially invite you for your grand presence on the occasion.

Shri Biswajit Mitra
Alumnus 1987
President
Reunion Committee

Prof. Parameswar De
President
CUCHEAA

Prof. Asim Kumar De
Head
Dept. of Chemical Engineering
University of Calcutta
